Dr. Osler on Tuberculosis

Str William Osler, Regius Professor of Medicine at Oxford says in his "Practice of Medicine" (1882), on page 249; "The healing of pulmonary tuberculosis is shown clinically by the recovery of patients in whose sputs elastic tissue and bacilit have been found. 'In the granulation products and associated pseumonis a scar tissue is formed, while the smaller caseous areas become impregnated with lime salts. To such conditions alour should the term heating be applied."

The success of Eckman's Alterative in tuberculosis may be due partly to its content of a lime salt in such combination with other valuable ingredients as to be easily assimilated. It is worth a trial, unless other treatment already is succeeding. We make no promises concerning it any more than do reputable physicians with their prescriptions, but since it contains no opiates, narcotics or habit-forming drugs, it is safe.

Secretary of the Navy Daniels, who was called to Raieigh, N. C., the beginning of the week, because of the destruction of his newspaper paperty by fire, returned to the Department today.

Although the fire was a hird blow to Officers to Be Elected at 'Session of Convention Friday

Although the fire was a hard blow to him, Mr. Daniels put up a smiling front. This is the second fire he has had to meet in the last two years. He said nothing was saved of the News and Observer plant except the subscription lists and the accounts.

New machinery has been ordered, and in the meant me the paper is being published by another plant, in Raleigh. Not an issue has been missed. It will take from time to get things straightened out, but Mr. Daniels said he was, "like Mark Tapley," and is hopeful. His son, Josephus, ir., is "on the job," and has gone to work to help in the rebuilding of the newspaper.

CHOIR LEADER STATES HE TOOK FATHER JOHN'S MEDICINE UPON ADVICE OF FR. JOHN HIMSELF

W. B. Tyrell, formerly of Lowell, who was choir director in St. Patrick's Church forty years ago under Father John O'Brien (from whom Father John's Medicine got its name) first took the medicine upon the advice of the pastor himself. Mr. Tyrell says he "is continually chanting the praise of this old prescription."

Father John's Medicine is a physician's prescription.
Prescribed for the Rev. Father John O'Brien, of Lowell, Mass., by
an eminent specialist in 1855.
Father John recommended this prescription to his parishioners and
friends and in this way it became known as Father John's Medicine.
Father John's Medicine is recommended for coughs, colds, and
throat and lung troubles and to make flesh and strength. It is not a patent medicine, and does not contain alcohol or poisonous drugs. It has
been in use over 50 years.
